

DEEP-DV NETWORKING ACTIVITIES 2021 - 2025

Annual Meetings & Symposia

DEEP-DV Annual Meeting (kickoff)
2021 - virtual zoom

Joint International Symposium
2022 - Dubrovnik (Croatia)

International DEEP-DV Summer School 2023 - CSSB Hamburg

DEEP-DV Annual Meeting 2024 - TU Braunschweig

YET TO COME:
DEEP-DV Annual Meeting
In October 2025 - Berlin

DEEP-DV SYMPOSIA

Training and Equality

Training of PhD students and postdocs

- 10 PhD theses
- 12 Postdocs
- 11 Lab visits
- 1 Junior group
- Workshops
- Annual Meetings
- Monthly Meetings

Steering committee

Interdisciplinary thesis committees

Support during maternity leave
Support for childcare

Staff support
Travel support
Home office equipment

Lab Visits

DEEP-DV DEEP-DV Lab Exchange REQUEST

Monthly Meeting

Attendees: DEEP-DV PIs, PhD students, postdocs and associated group members

Purpose:

- Scientific progress reports by 2 PhD students/meeting
- Discussions
- Updates of techniques + methodologies
- Adhoc updates on new results

Outcome:

- Enhancement of interactions
- Harmonisation of protocols
- Identification of needs
- All DEEP-DV PhD students presented their results twice (2021-2024)

2nd Term: Internal Meetings

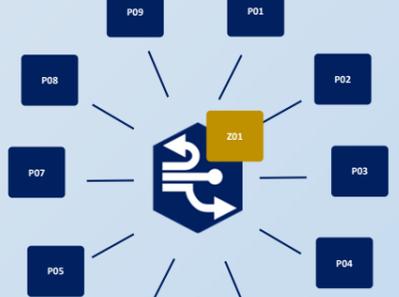

Enhance interactions and collaborations by switching from monthly virtual to bi-annual in-person meetings

Attendees (ca. 30): DEEP-DV PIs, PhD students, postdocs and associated group members

Format and site: Lunch-to-lunch, Talk and posters, Hannover, Twincore

Impulse presentation by one expert per meeting

Continuation monthly virtual meetings for internal exchange
Continuation DEEP-DV lecture series (4 guests per year)

Mercator Fellow

MATTHEW WEITZMAN
Professor of Microbiology at University of Pennsylvania Perelman School of Medicine, USA
Core faculty member of Penn Institute of Epigenetics
Pioneer of Systems Virology
Integrates biochemistry, molecular biology, genetics, cell biology to elucidate complex host environments across a range of viruses

Two-week visits in: Hamburg; Hannover/Braunschweig; Berlin; Freiburg

- Institute seminars
- Input for project development
- Meetings with DEEP-DV PhD students (career development)
- Development of collaborations and synergies
- White paper on DNA Virology and Systems Virology
- Development of novel concepts

Exchange with all DEEP-DV members during bi-annual DEEP-DV internal meeting or conferences

Lecture Series

Guest

- 05.04.2022 Matthew Weitzman
- 03.05.2022 Jo Parish
- 01.11.2022 Daniel Depledge
- 10.01.2023 Frank Stubenrauch
- 02.05.2023 Boris Bogdanow
- 05.09.2023 Celine Maquet
- 10.10.2023 Andreas Mayer
- 05.12.2023 Marco Hein

2nd term: Symposia

Two congress-like events for scientific outreach to the community

Attendees (ca. 100):

- DEEP-DV PIs, PhD students, postdocs and associated group members
- Open for external participants
- Invited internationally renowned speakers

Format and site: 2.5 days

- Invited speakers
- Short talks
- Flash talks
- Poster session

MIDTERM Berlin
FINAL Hamburg
